

## Making Money Choices

Read the paragraph below. Then circle the vocabulary word that best describes each sentence. For help, see pages 268–273 in your textbook.

Brandon got \$10 from his aunt. He wants to spend it this weekend. Brandon wants to see a new movie. He knows his friends will see it and talk about it at school next week. He also wants to go to a minor league baseball game. Brandon really likes baseball.

1. The price for a child's movie ticket is \$7. The price for a child's ticket to the baseball game is \$6.

cost    benefit    trade-off    opportunity cost

2. A child's ticket to the baseball game includes a bag of peanuts.

cost    benefit    trade-off    opportunity cost

3. Brandon chooses to go to the baseball game. He will not see the new movie.

cost    benefit    trade-off    opportunity cost

4. Brandon has fun at the game and he catches a fly ball. When his friends talk about the movie, he will not be able to join in.

cost    benefit    trade-off    opportunity cost
